

Forever, with you.

Do you remember?

Remember what?

Do you remember when,

Remember when?

When time was a balloon...

...the eagle in the sky.

We wanted to be,

doctors?

No, no. Not that.

Lawyers?

It's okay if you've forgotten,

Forgotten what?

When time was gravity...

...the waterfall by the trail.

The river is gone now,

What river?

Touch this plant here.

It's very smooth,

Its name is manzanita,

I like that.

I'm glad you do,

It sounds familiar,

When time was you...

...the berries we shared.

The path we walked...

...the steep cliffs lined with rocks.

...

I remember now.
