

SAT & ACT

WEEKEND KICKSTART PROGRAM

Sponsored by the Westview High School PTSA

Elite Educational Institute has been helping students reach their academic goals for more than 25 years. Join us for a weekend workshop that will demystify the SAT or ACT and give you the knowledge, strategies and confidence you need to maximize your score!

Many students at Westview High School use test preparation courses to prepare for SAT or ACT tests. By offering these courses on campus, it is the goal of the Westview PTSA to make these services more easily accessible to our students and offer a discount.

These services are completely optional for students. The Westview PTSA is not an expert in SAT or ACT test preparation and therefore we are not suggesting that students are required to take these test preparation courses. We are also not suggesting that the courses we are offering on campus are better than any others.
