SAT & ACT MOCK TESTING

Hamilton Education in Partnership with Westview High School PTSA

Hamilton Education will be administering mock tests similar to what you will find on an official SAT or ACT. Students will be provided with digital and/or physical copies of a practice test and will be **proctored through the entire test**. These practice tests can help students become more familiar with the testing experience and get an accurate starting assessment score. We will also offer an **Information Session** with CEO & founder, Chris Hamilton, that will provide insight into the college admissions landscape and how to help improve test performance. We are offering either virtual or in-person mock testing and information sessions depending on the test date. See schedule below for details.

For each test date, students have the option of registering to take a mock SAT or ACT.

Since we administer one version of the SAT and one version of the ACT, please sign up for either test only once.

Registration is \$35, and all funds will be donated to the Westview PTSA.
