SAT & ACT MOCK TESTING

Hamilton Education in Partnership with Westview High School PTSA

Hamilton Education will be administering mock practice tests similar to what you will find on an official SAT or ACT. Students will be provided the current paper-version practice test and they will be proctored through the entire test. Mock practice tests can be very helpful for students to become familiar with the testing experience and assess their starting point. We will also offer an Information Session with Founder & CEO, Chris Hamilton, that will provide insight into understanding the competitive nature of the college admissions landscape and exploring the impact of test scores.

For each test date, students have the option of registering to take a mock SAT or ACT.

Since we administer one version of the SAT and one version of the ACT, please sign up for either test only once.

Registration is \$35, and all funds will be donated to the Westview PTSA.
